

Group and Nongroup Enrollment Deadlines

In order to have your application processed and ID cards issued quickly:

- Enroll online at HSAinsurance.com
- Make first month's premium online

Partially completed applications with no premium payment may result in:

- Not receiving your requested effective date
- Significant delays in receiving ID cards

Please Note: Once your application has been accepted, please allow an additional 10-14 days for receipt of ID cards. Check with your carrier directly as you may be able to log in and print your temporary ID card on your effective date.
