

## Easy Tier Hospital Network<sup>SM</sup>

### Tier 1 In-Network Hospitals and Community Health Centers Tier 2 Hospitals and Affiliated Facilities

Easy Tier Hospital Network plans give you the same comprehensive, high-quality coverage as you've come to expect from Neighborhood Health Plan (NHP). This plan divides your in-network hospitals and affiliated facilities into higher and lower cost tiers. With Easy Tier, you always have full access to NHP's broad hospital network, but your costs—including copayments, coinsurance, and deductibles—will vary depending on which hospitals you choose. This plan does not tier primary care provider or specialist office visits.

#### Why Easy Tier?

Easy Tier's hospital tiering can save you money. You choose where to receive care, so you have more control over your own out-of-pocket costs. The in-network tiering is simple and straightforward:

##### **Tier 1, lower cost**

Most hospitals, community health centers, and freestanding facilities fall into the lower cost tier, including popular local hospitals like Newton-Wellesley Hospital, North Shore Medical Center, and South Shore Hospital.

##### **Tier 2, higher cost**

Higher cost sharing only applies to a smaller group of hospitals and some affiliated facilities.

**IMPORTANT:** This list is subject to change. To find the most up to date list, visit the DoctorSmart<sup>SM</sup> online directory at [nhp.org/easytier](http://nhp.org/easytier). If a member has tiered services at a Tier 2 hospital or affiliated facility, higher cost sharing will apply.

This plan includes a Tiered Provider Network called Easy Tier Hospital Network. In this plan, members pay different levels of Copayments, Coinsurance, and/or Deductibles depending on the tier of the provider delivering a covered service or supply. This plan may make changes to a provider's benefit tier annually on January 1. Please consult the Easy Tier Hospital Network provider directory or visit [nhp.org/find-a-doctor](http://nhp.org/find-a-doctor) to determine the tier of providers in the Easy Tier Hospital Network.
