Select Network Disclosure Notice Provider Network Access

Limited Provider Network

Select Network plans provide access to providers that are not the same as the Tufts Health Plan's standard provider network.

Your member identification card will say Select Network on it. The designation Limited will be on the top right-hand side of the card that applies to the health benefit plan you have chosen.

I understand that: I may not change plans during a policy year because of changes to the provider network; and the plan provides access to providers that may not be the same as Tufts Health Plan's standard provider network. In addition, I have reviewed the Select Network provider directory or online search tool and understand that this plan only provides access to covered benefits from the providers in the Select Network directory. I understand that it is my responsibility to ensure that a provider I voluntarily choose is enrolled in the Select provider network before obtaining care. In choosing the Select plan, I understand I will be required to choose a different provider for treatment if a provider I now see is not enrolled in the Select provider network. Finally, I certify that I have received the guide before beginning and completing the application/enrollment process.

My signature on the application certifies that I have read and understand the above and that I have received the guide.
