Pharmacy Management Program Plan 0S8

UnitedHealthcare's pharmacy management program provides clinical pharmacy services that promote choice, accessibility and value. The program offers a broad network of pharmacies (more than 56,000 nationwide) to provide convenient access to medications.

While most pharmacies participate in our network, you should check first. Call your pharmacist or visit our online pharmacy service at www.myuhc.com. The online service offers you home delivery of prescriptions, ability to view personal benefit coverage, access health and well being information, and even location of network retail neighborhood pharmacies by zip code.

Copayment per Prescription Order or Refill

Your Copayment is determined by the tier to which the Prescription Drug List Management Committee has assigned the Prescription Drug Product. All Prescription Drug Products on the Prescription Drug List are assigned to Tier 1, Tier 2 or Tier 3. Please access www.myuhc.com through the Internet, or call the Customer Service number on your ID card to determine tier status.

For a single Copayment, you may receive a Prescription Drug Product up to the stated supply limit. Some products are subject to additional supply limits. You are responsible for paying the lower of the applicable Copayment or the retail Network Pharmacy's Usual and Customary Charge, or the lower of the applicable Copayment or the Home Delivery Pharmacy's Prescription Drug Cost.

Also note that some Prescription Drug Products require that you notify us in advance to determine whether the Prescription Drug Product meets the definition of a Covered Health Service and is not Experimental, Investigational or Unproven.
